Ready

### High Power, Compact Design

PowerBrick Slim delivers high-performance computing in a space-saving package, ideal for industrial environments with limited space. Its fanless architecture ensures reliable, quiet, and energy-efficient operation in demanding applications.

### Built for Extreme Conditions

Certified for hazardous industrial settings, PowerBrick Slim is engineered to withstand extreme temperatures and tough conditions, offering reliable wireless connectivity, multiple video input options, and superior durability in demanding environments.

### Flexible Integration Options

Designed for easy deployment, PowerBrick Slim supports various mounting options, including DIN rail, wall, and VESA mounts, providing flexibility for diverse installation needs. Its versatile design ensures seamless integration into any industrial setup.

## PRODUCT SPECIFICATIONS

### SYSTEM

PROCESSOR	INTEL QUADCORE i5 OR i7
STORAGE	SSD (REMOVABLE)
RAID	OPTIONAL
MEMORY	UP TO 32 GB
POWER INPUT	DC 9-36V
OPERATING SYSTEM	WINDOWS OR LINUX
BIOS	AMI EFI BIOS
DISPLAY CHIP	INTEGRATED HD GRAPHICS

### I / O

VIDEO	1x HDMI, 1x VGA OUTPUT
NETWORK LAN	4x INTEL I211-AT 10/100/1000M
USB	2x USB 2.0, 4x USB 3.0
SERIAL	4x COM (RS232/RS422/485)
WIRELESS	WIFI 802.11 AX 6E, BT 4G/LTE (OPTIONAL)
AUDIO	1x LINE OUT 1x MIC

### ENVIRONMENTAL

OPERATING TEMP	-20°C TO 60°C (-4°F TO 140°F)
STORAGE TEMP	-40°C TO 70°C (-40°F TO 158°F)
RELATIVE HUMIDITY	<95% RH
CERTIFICATIONS	C122, CSA / UL, ATEX, CE, FCC

### MECHANICAL

MOUNTING	SUPPORT WALL-MOUNT VESA MOUNTABLE
WEIGHT	3.50 LBS (1.6 KG)
DIMENSIONS	11" x 5.62" x 1.57" inches 28 x 14.3 x 4.0 cm
CONSTRUCTION	ALUMINUM ALLOY

### MODEL NUMBERS

STANDARD	MDL # PBSLIM
CLASS 1 ZONE 2	MDL # M-PBSLIM
